February 2018

TO: Friends of Divide County Pioneer Village  
FROM: Divide County Historical Society 

Thanks for your past generous donations/memberships. So much has been accomplished, however, more work needs to be done at Pioneer Village.

The highlight last year was the new bathroom. The old one had too many issues that needed repair. We had so many compliments on it and other threshing bees are envious. We had to borrow some money to complete it but hope to have it paid for this year. The Daneville church was painted including the steeple. New concrete floors replaced rotted flooring in some buildings and others were painted or needed new shingles.

More work needs to be done to some of the other buildings still in need of repair and we hope to bring in an old time gas station and outfit it to represent the past.

The Divide County Threshing Bee is still our biggest draw to the community and having a well preserved village is important for this event.
